

Dear member,

Scarborough and District Ramblers thank you for your support over the year and extend a warm welcome to our annual **A.G.M. on Thursday 27<sup>th</sup> Nov. 7.30** at The Friends Meeting House, Quaker Close, Woodlands Drive Scarborough.

The A.G.M. is an ideal opportunity to find out more about the group's activities and initiatives over the last year and of course to contribute your ideas.

We also use this opportunity to thank the committee, walk leaders and volunteers for the work put in over the past year. Serving officers are willing to continue in their roles but all posts are open for election. If you wish to stand for any post please send your intentions to the secretary at the above address. If you are considering standing for any position but feel unsure of the commitment please contact the chairman, philip.trafford@talktalk.net (01723 863975)

The agenda and proposal form are printed overleaf and the minutes of the last A.G.M are enclosed and it would be helpful if you brought these along for reference. Further information about the group may be found on our website [www.scarboroughramblers.co.uk](http://www.scarboroughramblers.co.uk).

Following the main business of the evening refreshments will be served and Matt Parsons from Yorkshire Potash Ltd. will be speaking and taking questions with particular regard to the effect of the launch of the mine on rights of way.

We would really appreciate your attendance at our A.G.M and look forward to welcoming you there.

Yours sincerely,  
Pam Grimwood (Secretary)
