

Reports supplied by officers

Webmaster's report, Group Committee 7 January 2016

- The group's Youtube channel now has 46 videos, plus other early ones that were published on other channels.
- Gary Malcolm's new "Your Trip" section has its first three entries.
- Other website updates and additions are detailed on the What's New? page.
- It was agreed two years ago that rights-of-way reports from the group's path surveys would be published on the website, for the information of members and the public. The first two reports, from Gary Malcolm, have been added to the website. In the absence of any other contributions, an individual outside the group is planning to begin filing reports.
- If officers wish to forward their reports to committee to me, I would be pleased to archive them on the website, to help build a picture of the group's activities for the information of both current members and those who follow.
- The group's Twitter account now has 138 followers.
- 45 problems encountered with rights-of-way, which have been reported to the relevant authority, were logged on the site's Problems page in 2015.
- The email circulation list now has 125 members. Weekly circulars are sent to these subscribers, as well as to members of the group's Yahoo message board.
- A group member is considering taking over the Facebook page.
